Respondent: Elizabeth Arangio

Record Request AG-4

Q. Referring to the Exhibit KED-AG-1-8, please identify the relationship between each affiliate and KeySpan Energy Delivery, including the ownership percentage in the organization held by KeySpan Corporation or one of its subsidiaries.

A. **KeySpan LNG, LLC (“KLNG”)**

KeySpan LNG, LLC became a wholly-owned subsidiary of KeySpan Energy Development Corporation on December 13, 2002. KeySpan LNG, LLC is the owner and operator of a 600,000-barrel, FERC-regulated liquefied natural gas storage and receiving facility in Providence, Rhode Island. The facility is fully subscribed under long-term arrangements with three northeast gas distribution companies. Its largest customer is Boston Gas Company d/b/a KeySpan Energy Delivery New England, which contracts for more than half of the facility’s storage capacity.

Iroquois Gas Transmission System

Subsidiaries of KeySpan’s Energy Investments segment hold a 20 percent equity interest in the Iroquois Gas Transmission System, LP; which is a pipeline that transports Canadian gas supply to markets in the Northeastern United States.

Alberta Northeast Gas, LTD

Subsidiaries of KeySpan Corporation hold a 30 percent equity interest in Alberta Northeast Gas LTD.

Honeoye

Honeoye is an underground storage facility that is 52.2 percent owned by KeySpan Energy Development Corporation.

TransGas, Inc.

Transgas Inc., is a wholly-owned subsidiary of KeySpan New England LLC, providing liquefied natural gas (LNG) trucking services to Boston Gas Company, Colonial Gas Company and Essex Gas Company, each d/b/a KeySpan Energy Delivery New England.
